HARPER & BROTHERS,

# Important to Everybody.

FOR the last three years I have been engaged in a business known only to myself, and, comparatively, few others, whom I have instructed for the sum of \$200 each, which has averaged me at the rate of \$3,000 to \$5,000 per annum; and having made arrangements to go to Europe next Spring, to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canadas, who will remit me the sum of \$1. I am induced from the success I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed, and who are making from \$5 to \$15 ran par at it, to give any person an opportunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively no numbers in the matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed, who will testify that they are making from \$5 to \$15 per day at the same. Diffilloresburg. THE ELECTION OVER! I have instructed, who will testify that they are making from \$5 to \$15 per day at the same.—
It is a business in which either ladies or gentlemen can engage, and with perfect case make a very handsome income. Several ladies in various parts of New York State, Pennsylvania, and Maryland, whom I have instructed, are now making from \$3 to \$6 per day at it. It is a GENERAL BUSINESS, and but a few shillings is required to start it. Upon receipt of \$1, I will immediately send to the applicant a printed circular containing full instructions in the art, which can be perfectly understood at once.
